

COUNCIL EMPLOYEES & THOSE SEEKING EMPLOYMENT

The index below has been compiled from a photocopied list of Council employees, given in date order, and apparently taken from Council minutes from September 1862 to November 1927. Yearly rates of pay have also been included when given. Added to the index are details from surviving letters and lists of individuals seeking employment with the Council, or seeking leave/ resigning, or a salary increase. This latter material was found in Council correspondence files held at the Public Record Office.
